Lose yourself in the therapeutic movements of our licensed massage therapists as they send you into a peaceful place that can only be found in a spa nestled along the James River. With choices that integrate the beautiful elements surrounding our area, you'll feel naturally relaxed and rejuvenated at the same time.

Swedish Massage

A restful massage using Swedish techniques carries one into total relaxation. This is an excellent choice for a first massage. Throughout the treatment, warm compresses enhance the experience of this Kingsmill favorite.

50 or 75 minutes

Sampler Massage

This massage provides it "all." A combination of our Swedish Massage with warm compresses, hot stones, aromatherapy and reflexology makes for an unforgettable experience.

50 or 75 minutes

Deep Tissue Massage

This massage contains various firm strong strokes to relieve muscle tensions and discomfort. The strength and depth of the strokes are tailored to your individual needs.

50 or 75 minutes

Lomi Lomi

Based on ancient Hawaiian traditional healing practices, this fluid and rhythmic massage covers broad areas of the body with continuous flowing strokes. The recipient will unwind, give in and just "breathe" as tensions ease and the mind relaxes itself. Recommended for the experienced spa-goer due to the free-flowing nature and unique draping style of Lomi Lomi.

50 or 75 minutes

Aromatherapy Massage

You have a selection of our essential oil blends from which to choose with this scented healing massage, depending on your desire to be energized, be renewed or be totally relaxed. You pick the scent and enjoy.

50 or 75 minutes

LaStone® Massage

Drawing from the energy of warmed basalt stones and cold marble stones, this massage uses the power of the Earth's own materials to bring balance to your mind, body and spirit for a tranquil and nurturing experience.

90 minutes

Couples Massage

The side-by-side, ever-popular Kingsmill Swedish Massage is a wonderful way to bond and share a comforting and deeply calming time together.

50 or 75 minutes

Energy Reiki

Energy Reiki is a *hands-free* specialized healing technique based on the idea that an unseen life force flows through us all. With little or no touching, Reiki stimulates your natural energy fields with positive energy to balance the mind, body and spirit connection.

50 minutes

Reflexology

Using your feet and hands to stimulate all parts of your body as reflex points, this ancient Eastern treatment relieves stress and releases positive energy. It is a tranquil yet energizing experience.

50 or 75 minutes

CONSIDER ADDING THESE ENHANCEMENTS

Breathe Easier

For sinus and congestion relief, enhance any massage with a relief treatment using menthol and eucalyptus inhalants, warm compresses and nasal drainage stroking, plus acupressure for clearer breathing.

Soothing Foot Scrub

There's nothing better than added attention paid to your feet. Add either a scented sugar scrub for delicate skin or add a tingling salt scrub for great exfoliation.

Aromatherapy

Add healing scents using soothing essential oils from plants and flowers for the ultimate in relaxation during your massage.

FACIALS

Enhance what nature has given you as your inner and outer beauty converge—naturally. Close your eyes and open your mind to peaceful relaxation as our skin care professionals provide you with just the right facial or peel.

FREQUENTLY ASKED QUESTIONS

When should I make reservations?

We suggest making appointments as far in advance as possible to ensure reservation times are available. A credit card number will be required to hold any appointments for non-resort guests.

Are group bookings available?

Absolutely! Our Spa Group Coordinator will create a memorable visit for your group with personalized attention to detail.

When should I arrive?

Plan to arrive at the spa at least 30 minutes prior to your first scheduled service. This will allow you time to change into a robe and relax in our wet suite. If you are enjoying a salon service, it is necessary to arrive only a few moments before your service begins.

Do I have to be a Resort guest to enjoy the spa?

The Spa at Kingsmill is open to both Resort and non-resort guests. As a spa guest, please feel free to take advantage of our wet suite, which includes a whirlpool, sauna and steam room. For full access to the pools and fitness area, a Sports Club day pass may be purchased for \$20 by non-resort guests who are receiving spa services.

What should I wear and bring to the spa?

Casual and comfortable clothes are recommended. We provide a locker, robe and slippers for your use during your visit. Please leave valuables and any jewelry at home or in a safe box in your guest room. We also recommend guests bring their bathing suits for the sauna, steam room and whirlpool; however, they are not required.

What if I arrive late or cannot make my scheduled appointment?

Our cancellation policy requires that you notify us 24 hours in advance for á la carte services, and 48 hours in advance for spa experiences in order to avoid a 100% charge. Unfortunately, arriving late for a service may require us to shorten the length of the treatment.

What is the service charge policy?

An 18% service charge will be added at the point of sale, which will be allocated to your therapist. In appreciation of outstanding service, additional gratuities may be added at your discretion.

What is the age limit for spa patrons?

The Spa at Kingsmill requires that spa patrons be at least 17 years old. Teen spa services are available for guests 12-16 years of age; however, an adult must accompany guests younger than 14.

Should I tell someone about any physical, medical or allergy concerns?

Please remember to first let your service provider know if you are pregnant, have allergies to fragrances or certain products, have sensitive skin or if you have any physical issues you would like to discuss. Certain medical conditions and medications can make some treatments inadvisable. We highly suggest that you consult with your physician prior to your visit if you have any health concerns.

Is lunch offered at any time throughout the day?

The Spa Cuisine Lunch seen in our Full-Day experiences, is served poolside and can be reserved with any spa treatment for a fee. Our menu includes sandwiches, wraps and salads that are delicious yet light, along with desserts that will leave you energized and ready for the day.
