

Kingsmill Has Something for Everyone, Including Those with Paws

In a historic move, Kingsmill Resort welcomes dogs and cats.

KINGSMILL RESORT, WILLIAMSBURG, VA, November xx, 2019 – There are surveys out there that show some people love their dogs and cats more than their kids (especially if they are teenagers, or just living in the basement). So, given [Kingsmill Resort](#), the only AAA Four Diamond condominium golf resort in Williamsburg, VA is a family friendly destination, it's perfect to learn that it is now allowing pets in select rooms.

Pets will enjoy locally sourced treats and even have a bed of their own (available on request). Pet accommodations include food, water bowls and waste bags. Even better, dogs and cats on a leash can enjoy in much of the outdoor adventure Kingsmill has to offer such as on the walking trail at the playground and even down at the [Marina](#). They are not allowed in restaurants, of course.

The resort is even building a dog park due to open in Spring 2020.

Non four-legged guests will enjoy Kingsmill's championship golf course, million-dollar spa can enjoy this top golf and spa, tennis courts, bike paths and ideal location to Jamestown, Yorktown, Colonial Williamsburg and Busch Gardens.

The resort will charge a \$50 non-refundable fee for up to two pets, per night, per reservation. Each room will be deep cleaned after each pet visit.

There are only a limited number of guest rooms now accepting pets, so reservations are a must. For more information visit is www.kingsmill.com.

About Kingsmill Resort

Something for everyone, Kingsmill Resort is Virginia's only AAA 4 Diamond golf resort. Kingsmill is located on the James River off I-64 between Richmond and Norfolk.
