

Changes to the Handicap System (2020)

There is no longer a 9 hole handicap.

After two 9 hole scores are entered in the system, your handicap index is updated. This is new whereas before this index was only updated on the 1st and 15th of every month.

Handicap Index is now based on your best 8 of last twenty 18 hole scores (or sixteen 9 hole rounds)

You must enter your score on the day you play, (no later than midnight) every time you complete 9 holes.

You cannot enter a score when playing alone since it can't be verified.

Hole by hole scores can be entered using the USGA/GHIN app, the kiosk at the River Course or your home computer. By doing so, your adjusted score will automatically be displayed.

When posting scores, select Kingsmill for course selection.

For pace of play use this simplified formula: Par +2+3

8 Strokes on Par 3's

9 Strokes on Par 4's

10 Strokes on Par 5's
